WooCommerce Membership Secrets

7 Part Video Course

Here's a breakdown of this 7 part video series in more detail.

Video #1 - Introduction

Before we jump right into creating a WordPress membership site, we want to begin by introducing you to the video course as a whole. There are lots to discuss what you need in terms of successfully implement everything that you have learned.

Video #2 - Mapping Out Your Membership Site Funnel

We will map out your funnel using flow-chart software, which will allow you to see what your site will look like. Once you have completed this process, you will be one step closer to success, and implementing and setting up your WordPress sites will become a whole lot faster.

Video #3- Which WordPress Membership Plugin?

Now that you understand how your membership site looks, it's time to talk about different WordPress membership plugins that are available to you. This is in case you decide not to use the one that we are going to be discussing. At the same time, we will explain why we chose the one that is included and why we recommend that you use it as well.

Video #4 - Access, Install, and Getting Started

In this specific video and the rest until the end of this video course, you'll be shown how to access this WordPress plugin, how to install it correctly, and how to get things configured correctly.

Video #5 - Creating a Membership Level

Once you have configured your settings, it's time to set up your membership levels. This is a crucial process because it allows you to set up the skeleton or structure of your whole site.

Video #6 - Creating and Pricing Your Product

Next, this video will show you how to create a product to build a bridge that'll connect from the WooCommerce payment side to your membership plan.

Video #7 - Testing

In terms of testing - there are a few things you can do. While we won't go into the how - since everyone will have a different setup - we'll discuss what you need to do to test to ensure it works with your payment gateway.
